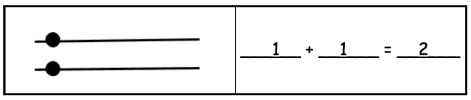
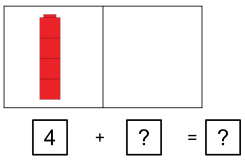
Kindergarten Weekly Newsletter

Week of January 26, 2026

Math

In Math, we will learn about double facts using a rekenrek and snap cubes. **Doubles** are when we add two numbers (addends) that are the same.





Math Vocabulary: addition, + , plus, equals, = , addend, double fact

At home, practice doubles facts with real world objects. You can also make double facts flash cards with your child to develop fact fluency.

1+1=**2**	2+2=**4**
3+3=**6**	4+4=**8**
5+5=**10**	6+6=**12**

Literacy

In Literacy, we will finish our work with *The Little Red Hen*. Next, we will be reading *The Three Billy Goats Gruff* by Paul Galdone. As we read this text, we will discuss how authors sequence events in a text. We will identify the characters, setting, problem, responses to the problem and the resolution.

In Fundations, students will continue to learn the letter formation for uppercase letters.

At home for phonemic awareness, continue to practice segmenting (attached is a segmenting Heggerty video), writing and reading CVC words.

Google Classroom

In the case that schools close unexpectedly, New York public schools want to ensure that all families are ready to pivot to remote learning. In your child's red take home folder, you will find your child's DOE student account username and password on a white label sticker. Please log into google classroom and accept your child's google classroom invite as soon as possible.

News/Dates

- **Monday - Friday 1/26 - 1/30**- Scholastic Book Fair, set up your e-Wallet HERE
  - K001: Friday, 1/30 @ 9:50 am
