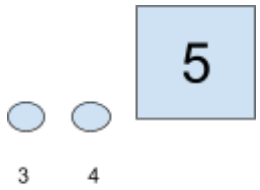
Kindergarten Weekly Newsletter

Week of February 23, 2026

Math

In Math, we will be wrapping up our 3rd unit on addition and subtraction. Students will learn one last strategy to subtract, the counting back strategy. To count back, you start at the larger number and count back as many times as is being subtracted.

For example, 5 - 2 = ___

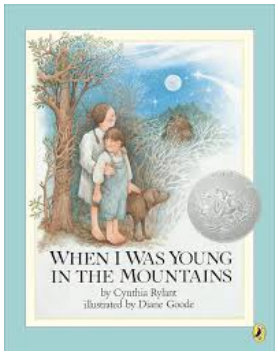


5 - 2 = 3

At home, practice this strategy by giving your child a subtraction equation to solve.

Math vocabulary: equation, minus, subtraction, difference

Literacy

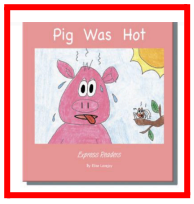


In Literacy, we will be starting our 3rd module in Wit & Wisdom. In this module, we will be learning about America, Then & Now. This week, we will read the text *When I Was Young in the Mountains* by Cynthia Rylant. We will discuss how her life back then was different from our lives today.

In Fundations, students will continue to practice decoding CVC words, nonsense words, and practice trick words in sentences.

At home, read through books with your child and have them find the trick words we have learned so far: **the, in, me, a, and.** This week's trick words are **to** and **are.**

Important News



Kindergarteners will start bringing four **decodable books** home every Monday to practice reading CVC words at home. Keep the **decodable books** in your child's book baggie after reading to ensure that it does not get lost. **Decodable books** should be returned every Friday in their book baggie in order to borrow new **decodable books** the next week. If the books and book baggies are not returned, your child will be unable to borrow decodable books the following week. Please help us keep our classroom library **decodable books** safe and clean for continuous use!

Dates

- **Monday, 2/23** - 100th Day of School
- **Monday, 3/2** - School Spirit Day - wear 217 shirt or colors (**yellow/purple**), order HERE
- **Thursday, 3/12** - HALF DAY, 11:20am dismissal for Virtual Parent-Teacher Conferences
- **Tuesday, 3/17** - School Spirit Day
- **Friday, 3/20** - SCHOOLS CLOSED, Eid al-Fitr

Kindergarten Field Trip to Mount Vernon Hotel & Museum

- **K003 - Thursday, 3/5**
- **K001 - Friday, 3/13**
- **K004 - Thursday, 3/19**
- **K002 - Friday, 3/27**

App of the Month (February)

Scratch Junior

ScratchJr is an introductory programming language that enables young children (ages 5-7) to create their own interactive stories and games. Practicing computer science skills such as algorithms and loops will help your child while engaging in computer science lessons at school. Desktop download
